The screenshot shows the Microsoft Education Hub interface. On the left, there's a sidebar with links like Overview, Get started, Learning resources (Software is selected), My account, Profile, Need help?, and Support. The main area displays a list of 57 items under the heading 'Software'. One item, 'Windows Server 2019 Standard (updated Sept 2019)', is highlighted. To its right is a detailed view panel titled 'Windows Server 2019 Standard (updated Sept 2019)'. This panel includes sections for Operating System (Windows), Product language (English), System (64 bit), and Product key. The 'Product key' field contains a long string of characters, and a red circle highlights the 'Copy to clipboard' button located at the bottom right of this field.

6. Alamat atau URL perisian akan dipaparkan dan klik pada icon “Copy to Clipboard”. Buka browser baharu dan paste pada carian alamat. Pop up message untuk muat turun perisian akan terpapar dan ikuti langkah seterusnya.

This screenshot is similar to the previous one but focuses on the 'Download URL' field in the product key details panel. The 'Product key' field now contains a placeholder URL: 'wn\_server\_2019\_update'. A red circle highlights this URL field.

Nota: Pengguna hanya perlu menggunakan **Education Hub** bagi mendapatkan perisian yang diperlukan.
